## Objective

I am a B.Sc. Computer Science graduate with beginner knowledge in HTML, CSS, JavaScript, SQL, and Java (OOPs concepts). I am seeking an entry-level job in IT or web development where I can apply my technical skills. I have a strong interest in the IT field and want to improve my knowledge through practical work experience. I am eager to learn new technologies, take on challenges, and grow as a professional while contributing to the company.

## Education

### Bachelor of Science (Computer Science)

2021 – 2024

CGPA: 7.10 / 10.00

- Bachelor's Degree in **Computer Science**
- St. Thomas College of Arts and Science College, Koyambedu.

## Technical Skills

**Language:** HTML, CSS, JavaScript, SQL, Java

**TOOLS:** Eclipse, VS Code, SQL Plus, My SQL

- HTML & CSS – Designing web pages, Layouts, Forms, and basic styling.
- JavaScript – Adding interactivity to web pages (basic function, events, DOM manipulation).
- Java (OOPs) – Basic concepts like classes, objects, inheritance, and methods.

## Soft Skills

- Time Management
- Team collaboration
- Adaptability & Flexibility

## Project

### Company Portfolio Website

**Technologies:** HTML, CSS, JavaScript

- Designed and developed a responsive multi-page website for a Construction and Design company.
- Implemented a user form to collect the user information.
- Built a Home page with navigation bars (Home, About and Contact).
- Applied HTML, CSS and JavaScript to create an interactive and Visually appealing UI.

### Online Food Ordering System

**Technologies:** Java

- Developed a food Ordering System using java, allowing user to select from three different hotels.
- Implemented a menu with various food items and costs, enabling users to choose their desired food and specify quantity.
- Designed a payment system supporting Phone Pe and Google Pay, where users enter the amount to complete the transaction.
- Integrated an OTP verification system to confirm order placement, ensuring secure transaction.
